Create Stories Together

process of work

Erasmus+ KA229 2018-2020

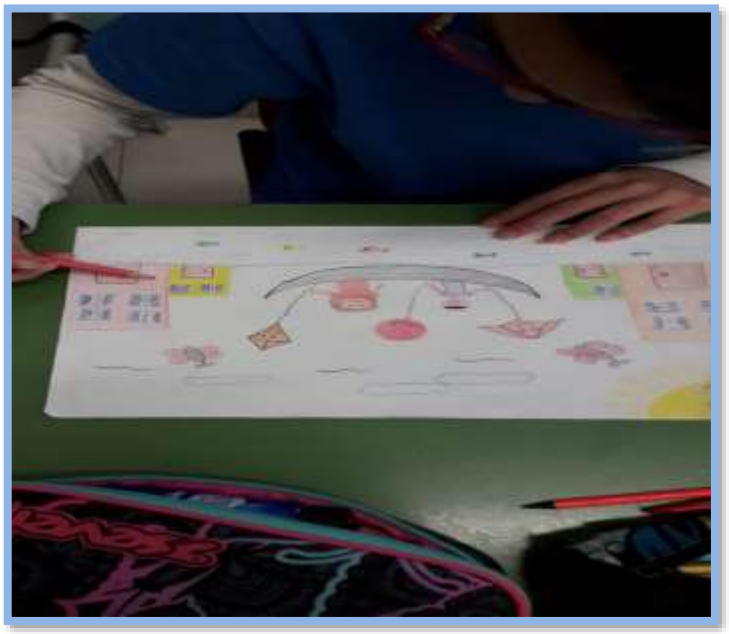
Digital competences and soft skills for the better future

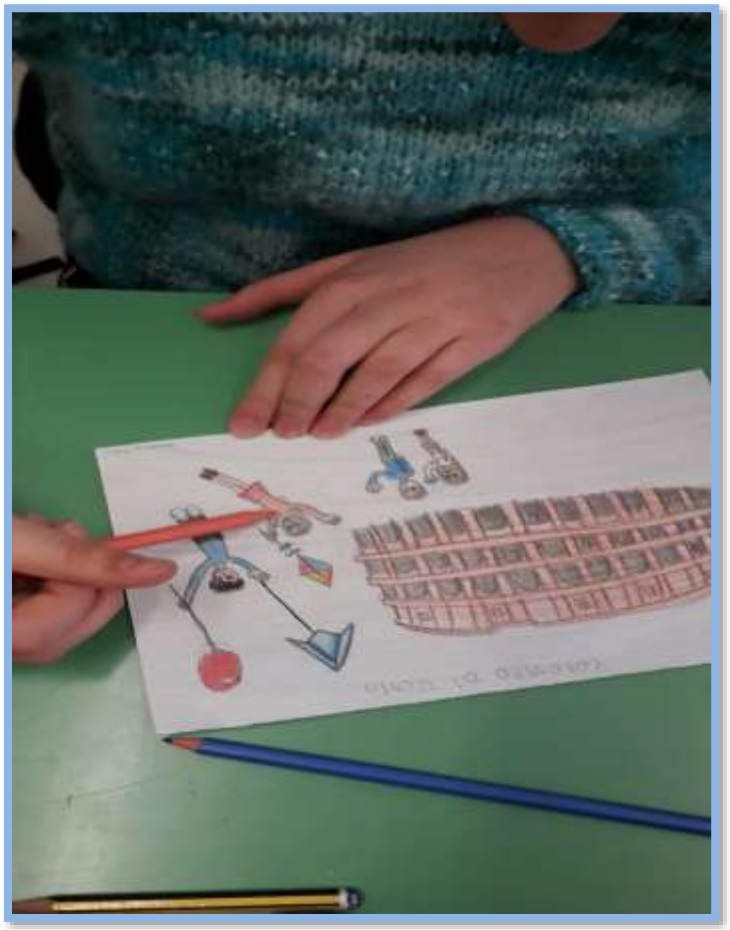
Create stories together Italy

Different classes of Italian pupils have participated in the activity "Create stories together".

The second-grade pupils, who are seven years old, created the first part of the story "The angry tortoise".

The fifth-grade pupils, who are ten years old, created the second part of the story
"A flying story"





The fourth-grade pupils, who are nine years old, created the third part of the story "Aphrodite and her friend, the plane-tree".
